Maximum Character Count for Articles: we have determined that setting a maximum character count for articles can significantly enhance the overall user experience. Therefore, we propose implementing a character limit of 6000 characters per article.

Publication Schedule and Evaluator Feedback Dates:

Submission Deadline: All articles must be submitted from this period till the 15 December 2024.

Evaluator Review Period: Following the submission deadline, our team of evaluators will conduct thorough assessments of each article. The evaluation process will be completed within 20 business days.

Feedback Notification: Authors will receive feedback on their submissions no later than the 20 days from their submission and acceptance for evaluation. This feedback will include suggestions for improvement and guidance on potential revisions.

Revision Period: Authors are encouraged to revise their articles based on the feedback provided within the following 5 business days.

Final Submission Deadline: Revised articles must be resubmitted as soon as possible for the purpose of resending them to the reviewers again, It should not exceed one week.

Publication Date: Articles that meet our editorial standards will be published on the January 20, 2025.
