Second edition 2010/2011

Aims and conditions for participation

Aim of the contest

2. The images must express the approach of the European Landscape Convention to landscape as: "an area, as perceived by people, whose character is the result of the action and interaction of natural and/or human factors".
3. The images will become part of UNISCAPE's photographic archive and can be used in UNISCAPE's promotional materials (website, leaflets, publications, etc.)
