Hosted by: Université Paris-Ouest Nanterre-La Défense (<http://www.u-paris10.fr>)

## Monday, July 9<sup>th</sup> | THEMATIC PANELS

Our annual meeting will be organized as follows: we will have a number of thematic panels where you have the chance to present your work in 20 min presentations.

Unlike last year in MAYS 2011 in Warsaw, this time we will not have pre-organized panels on certain topics, for two reasons:

- our meeting is shorter;
- we want to offer the opportunity to practice the presentation of papers which will later be presented at the EASA conference, and therefore have to keep the meeting open to different topics.

**Abstract submission: only through the online form on MAYS website  
<http://www.mays-easa.org/p/mays-2012.html>**

**Deadline: January 31st, 2012**

Your abstracts (max 250 words) may include:

- papers you want to present at the main EASA conference,
- as well as separate presentations of your work.

Papers will be grouped into thematic panels by the meeting organizers, and we will find discussants for each thematic panel who will comment on your work.

 **Please note:**

**this is SEPARATE from the abstract submission for the EASA conference!!**

## Tuesday, July 10<sup>th</sup> | SKILLS LAB

We only have half a day for our event because the EASA conference starts in the afternoon. We plan on using this time for a workshop on practical issues relevant to all of us, including:

- how to write an abstract,
- how to present a paper,
- how to write applications,
- how to get your paper published, etc.

Please feel free to email us if:

- a) You have suggestions what else should be included in this "HOW TO..." workshop;
- b) You know people who would be willing to serve as trainers/mentors on these issues, or if you yourself would like to share your knowledge.

### ► Finances

We are applying for a Wenner Gren grant for our meeting, to help you out with travel expenses and will let you know as soon as possible if we're able to provide you with financial support.

 However, please look into funding opportunities from your own institutions or other organizations because we cannot be certain we will receive funding.

### ► Further info

Information on accommodation etc. will be provided later on as well.
